

Butterfly Coloring Book

Butterfly Mask

To make your mask: Glue this printed page to the side of a recycled cereal box. After the glue dries, cut out the butterfly. Cut out the eye holes along the dotted lines. Decorate your mask with crayons, markers, glitter glue, feathers, or other craft supplies. Make sure to add antennae on top of the butterfly's head.

To wear: Glue a recycled paper towel roll to the back of your mask as a handle, or poke holes in the side of the mask and tie pieces of string or yarn to fit around your head.

Metamorphosis of a Monarch Butterfly

White
egg

Egg

Larva = Caterpillar

The egg hatches into a tiny larva (caterpillar).

Larva = Caterpillar

The caterpillar eats and grows a tremendous amount.

The adult female lays an egg that was fertilized by the male.

The caterpillar attaches itself to a twig and forms a hard outer shell.

Green
pupa

A fully-grown adult butterfly emerges from the chrysalis.

Adult = Butterfly

Adults live for only a short time. They cannot eat; they only drink through their straw-like spiral proboscis. They will fly, mate, and reproduce.

Pupa = Chrysalis

Inside the pupa, the caterpillar changes into a butterfly. Pupas are often camouflaged to hide from predators.
